

2011

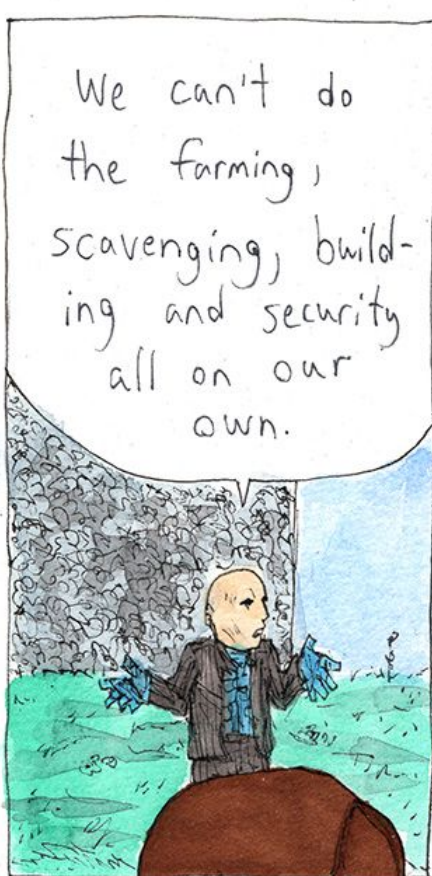

Great, I started some small watermelon and wheat farms so we don't have to keep foraging for food.

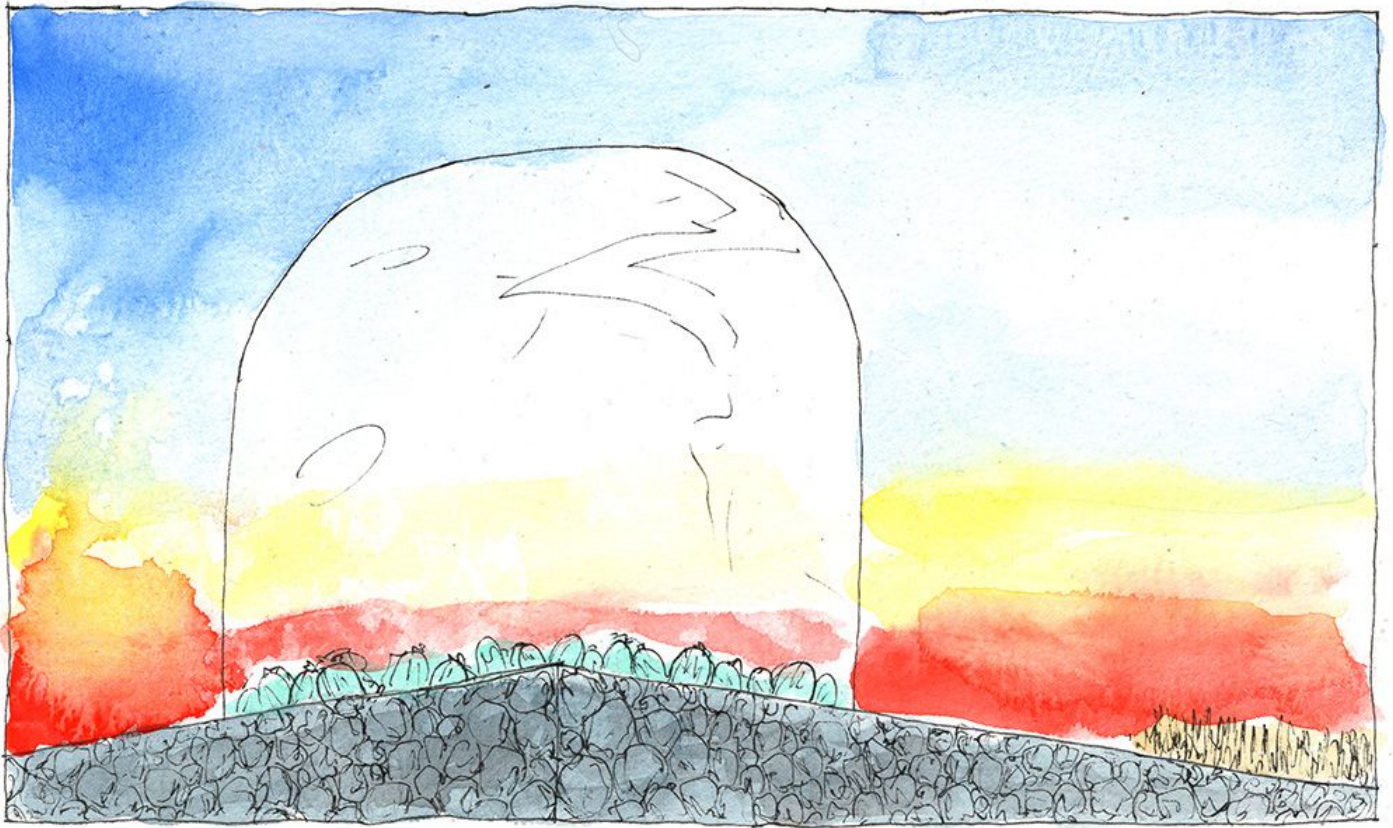

It would be nice if we had some helping hands.

We can't do the farming, scavenging, building and security all on our own.

Hmm...

Recruited two
new members,
they're okay.

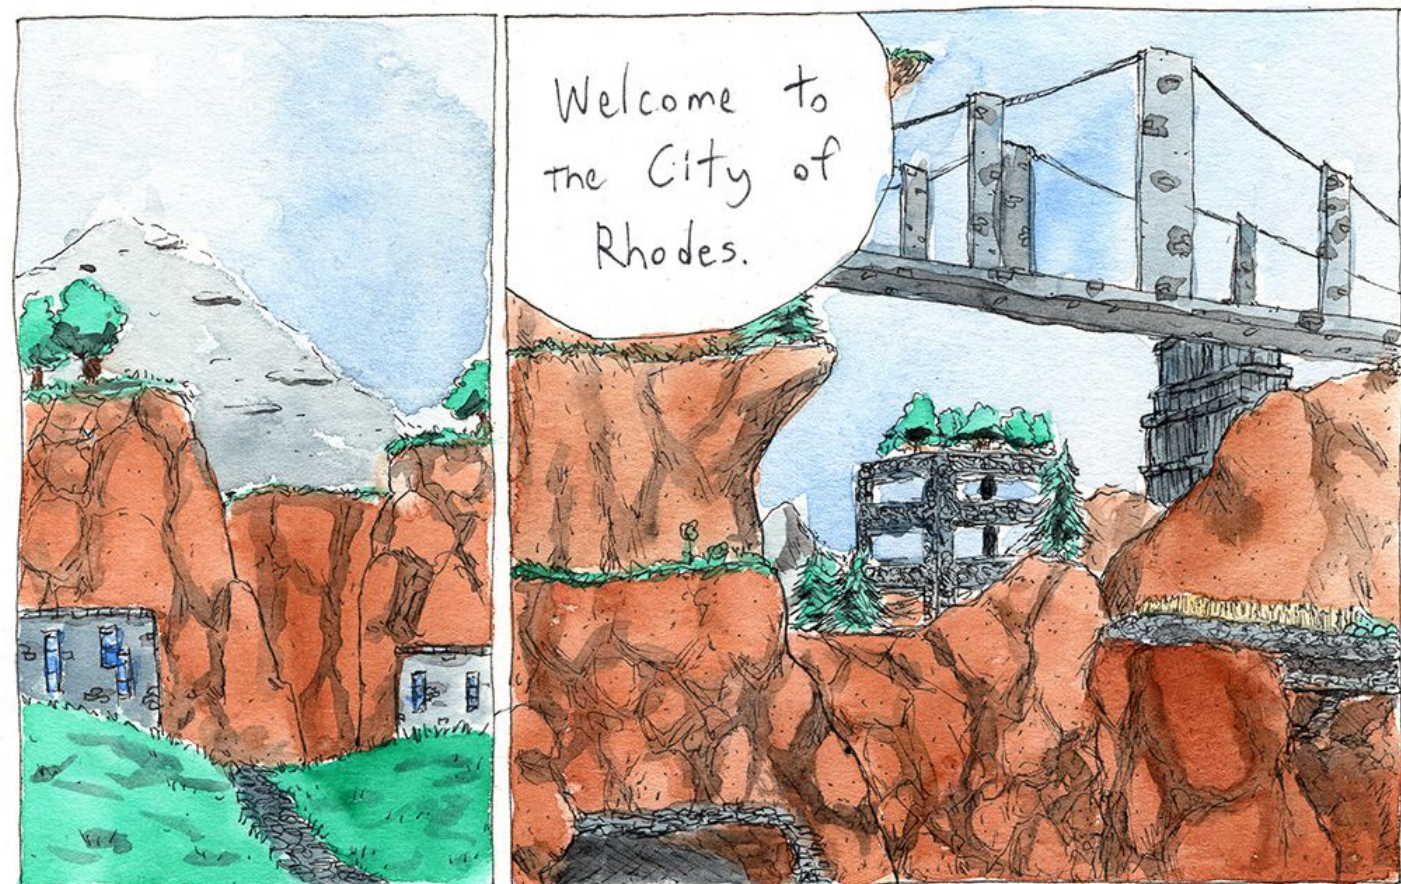

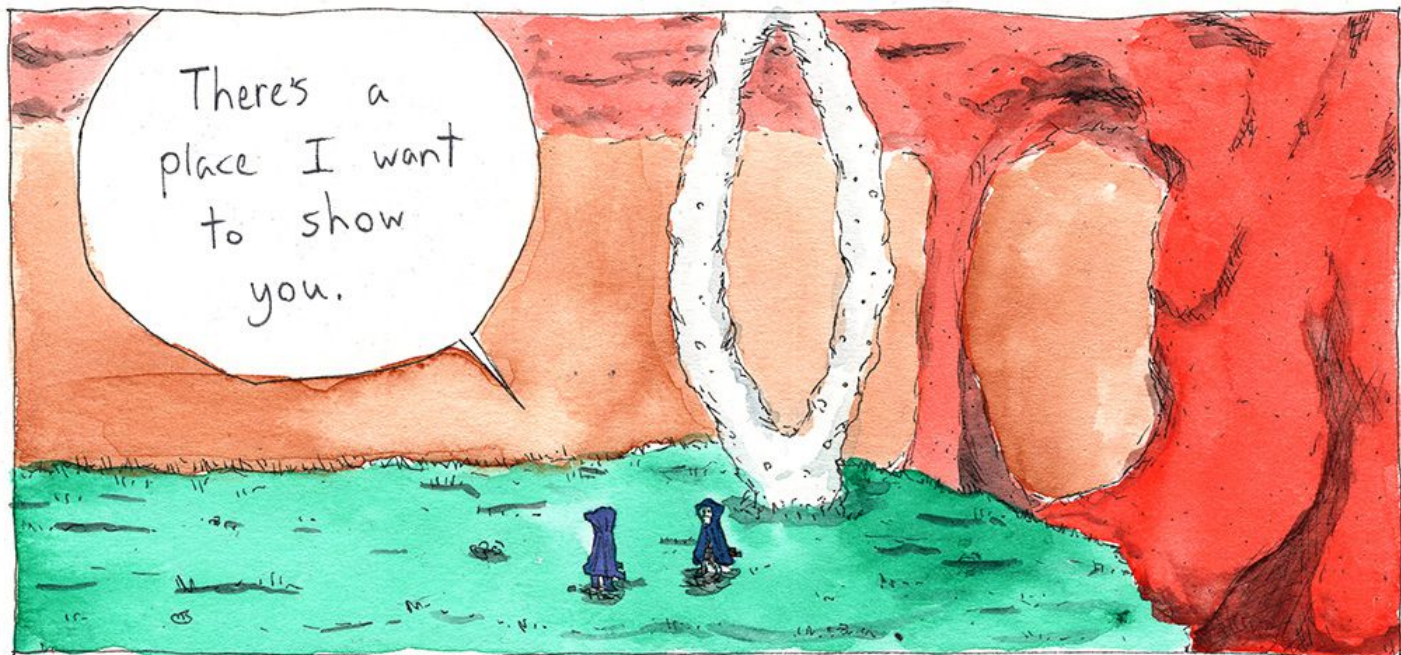

Shit...

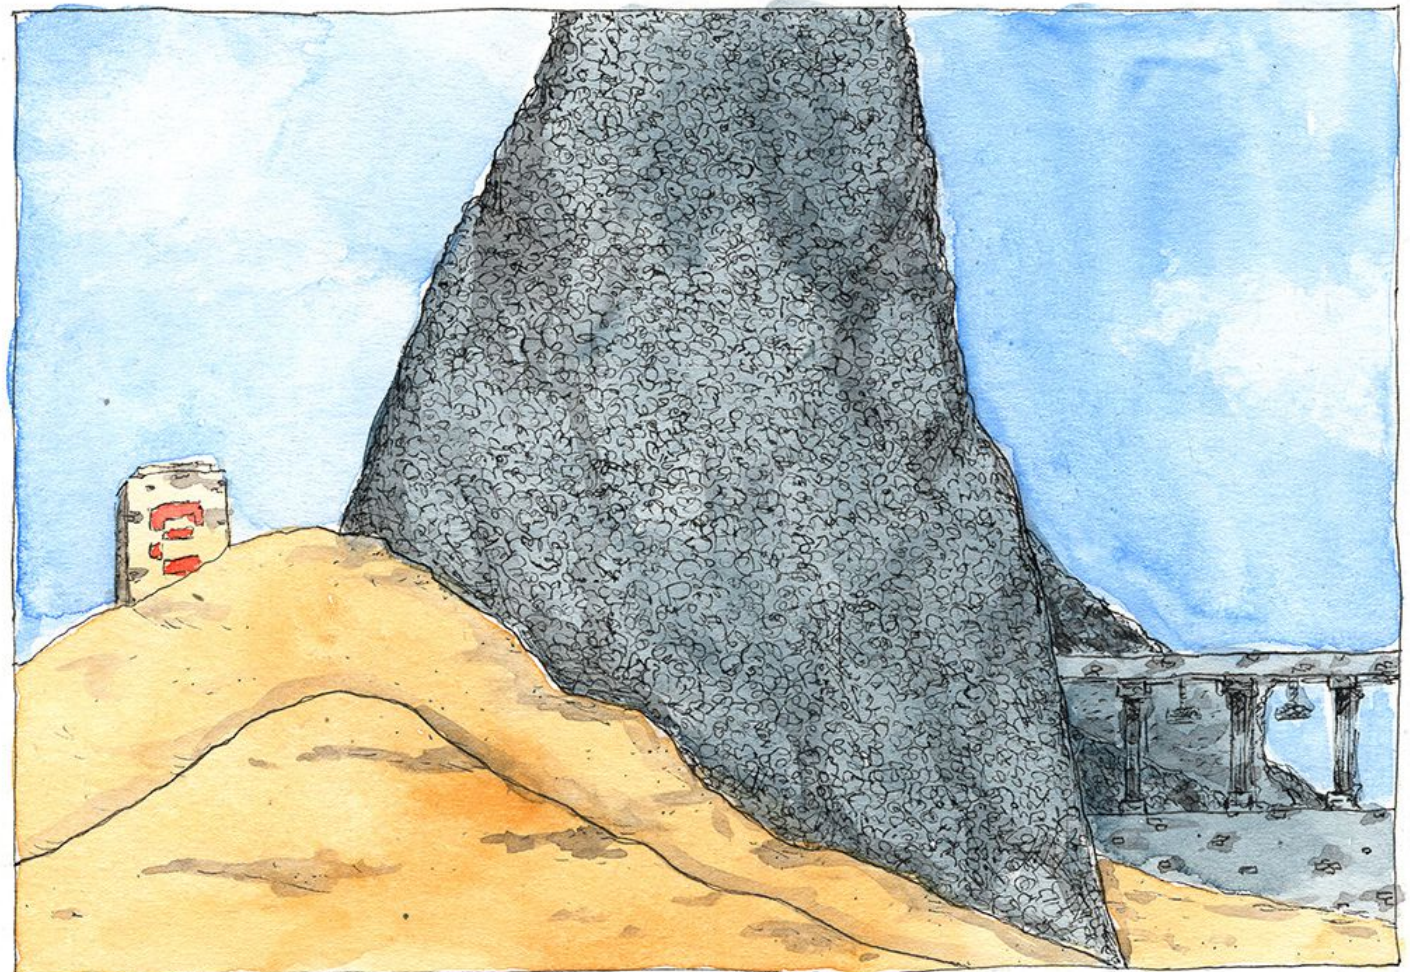

Uh...
okay.

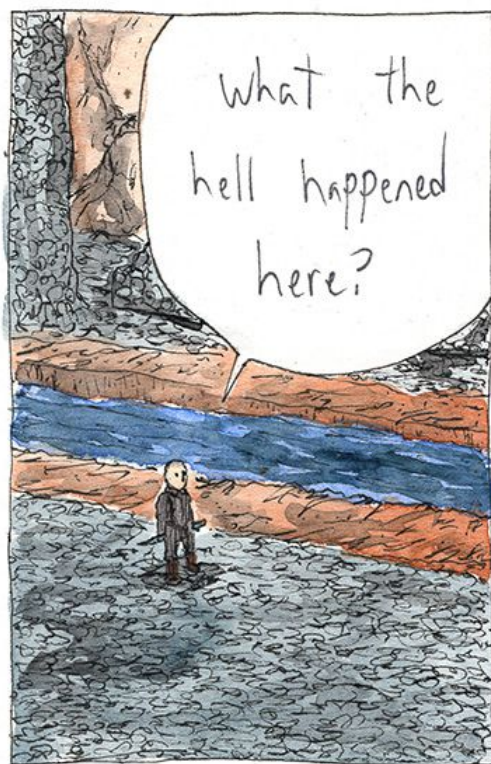

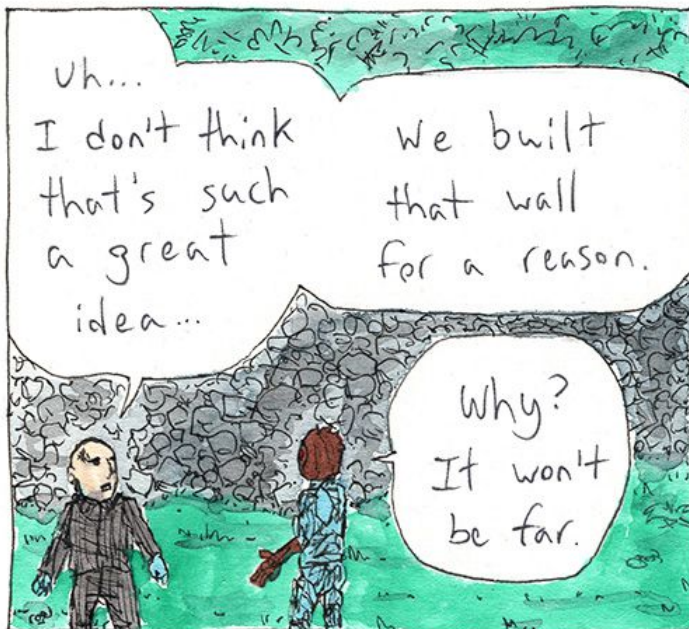

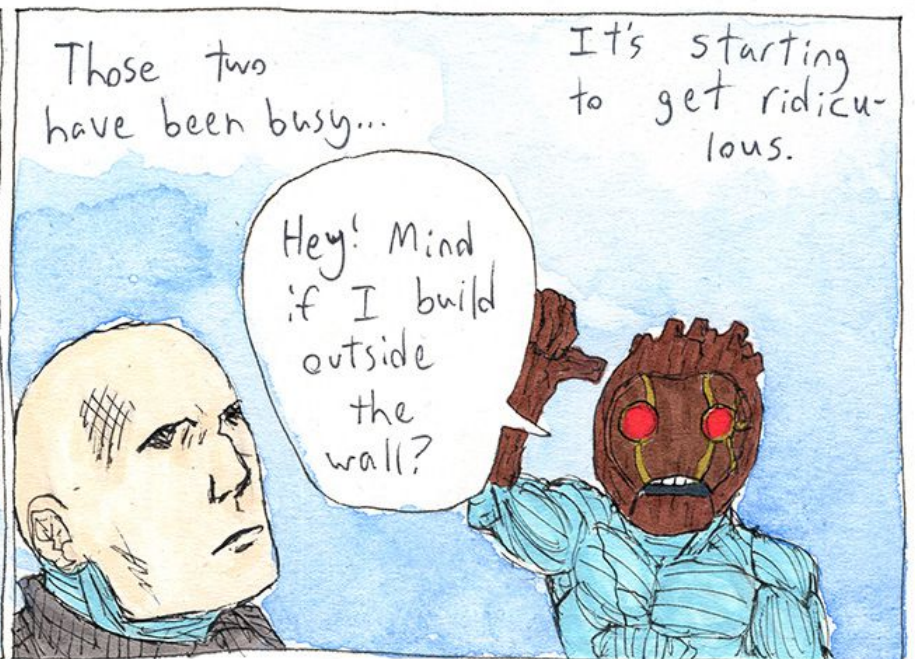

I found
them at spawn.
Be nice.

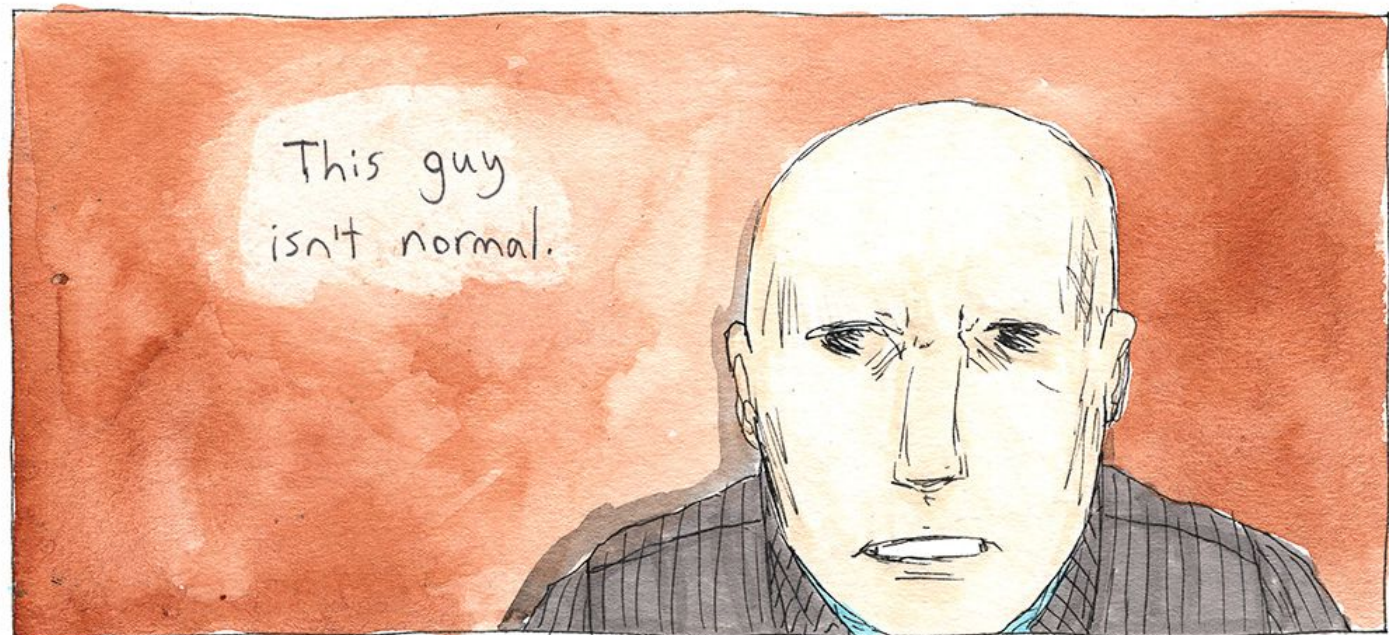

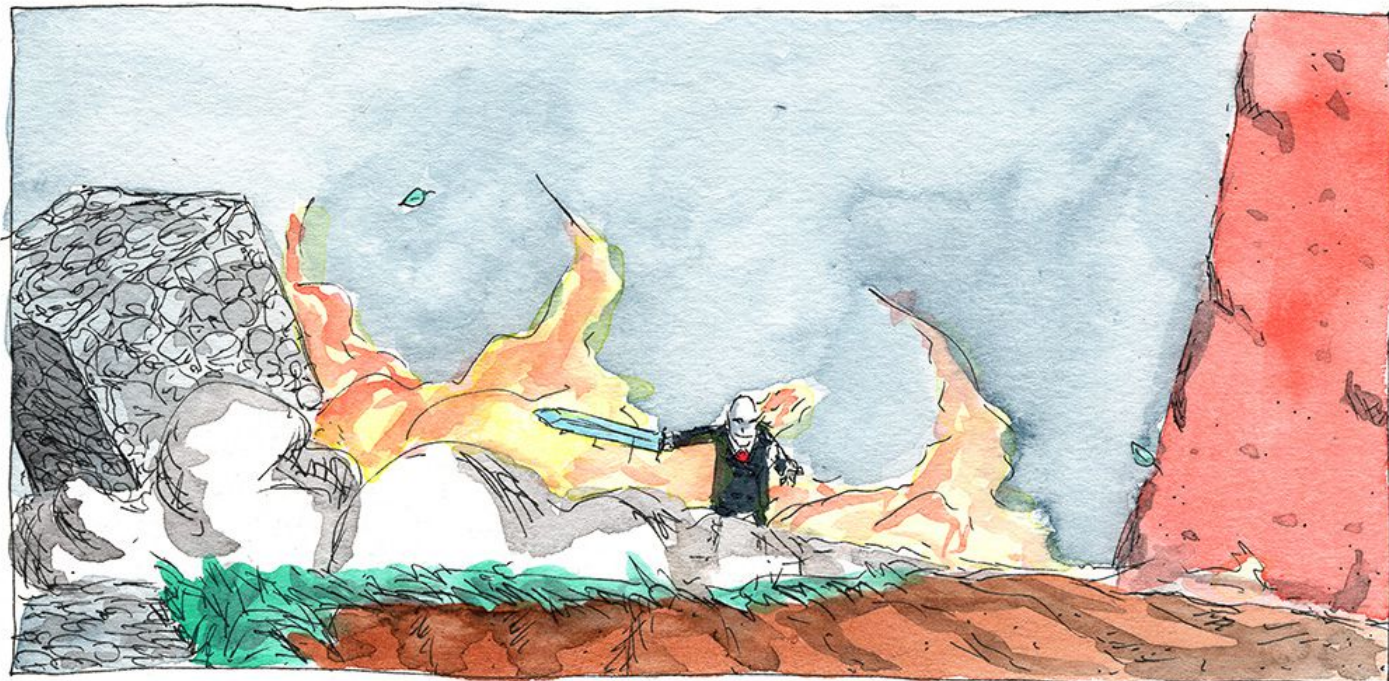

Oh god no...

How did
I get back
here?
